3rd No. *2* SURVEY PARTLY HELD.

2.35 When proposed to be completed

Survey held, &c. *Partly held on machinery*

The 3rd S.S.No.2 became due 2,35 and a proposal to carry out same within the year of grace has been agreed to.

Permanent repairs require to be effected to stem and stem plating and margin on port side of No.6 double bottom tank at the Special Survey.

A request by the Owners for an extension of the vessel's present classification to allow her to operate from the middle of June next to the middle of September (the ship to be laid up from February to June) received consideration on the 17th January last when the Owners were informed that the Committee could not agree to the extension desired in view of the fact that the vessel will be 34 years old in April next and that the year of grace will expire at the end of this month. The Owners were further informed that as it would appear that the vessel was to be laid off her present service at the end of this month until June next the Committee considered that this would present a favourable opportunity of carrying out the overdue Survey.
