31st March, 1930.

Dear Sir,

I have to inform you that a request has been received from the Owners of the steamer "BALTABOR", which has been ashore on Nargen Island in the Baltic since last December, for Mr. J.S. Butler, one of the Senior Ship Surveyors on the Outdoor Staff here to accompany their representative to Reval to make a survey on their behalf of the damage sustained with a view to recommending the necessary repairs required to restore the class of the vessel.

The Committee have acceded to the Owners' request and Mr. Butler has been authorised to proceed to your port tonight, as it is understood the vessel, which has been refloated, is to be dry docked for examination.

You will therefore be good enough to co-operate with Mr. Butler in carrying out the survey.

I am, Dear Sir,

Yours faithfully,

Paul Gerretz, Esq.,  
TALLINN.
