3rd October, 1933.

Dear Sirs,

With reference to the Boiler Survey which became due last June on the steamer "PENTRENT" I have to acquaint you that in view of the satisfactory general examination held at Avonmouth, the Committee have agreed to this vessel proceeding with a cargo of coal, or in ballast, to an Italian port to be broken up.

In the circumstances I shall be glad if you will give the case attention and advise me immediately the work of demolition has been commenced.

I am, Dear Sirs,

Yours faithfully,

Clerk to the  
Classification Committee.

The Surveyors,

GENOA.
