Received from Chief Ship Surveyor

2 JAN 29

VESSEL'S NAME Steel T.S.S. "BALTARA". Rpt. Lon. No. 93390

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey

Action has been deferred in this case for examination in dry dock on account of grounding.

The London Surveyors now report the vessel placed in dry dock, bottom cleaned and coated and minor repairs effected.

It is submitted the vessel appears worthy to remain as classed with record of survey 12,28, as recommended.
