71, Fenchurch Street, E.C. 3.

27th May, 1924.

Dear Sirs,

With reference to the Classification Survey which was partly held by you on the s.s. "SUNTEMPLE" (now named "BALTARA"), your Report No.11705a, I have now to inform you that a report has been received from the Society's Surveyors at this Port, from which it appears that the Classification Survey has been completed, extensive repairs having been effected.

It has accordingly been decided to charge an inclusive fee of £150 for the survey and classification of hull, machinery, and freeboard, and an account has to-day been rendered to the Owners for this amount, and on payment your account will be credited with £75:0:0 for the survey held by you on the hull and machinery, which I shall be glad if you will kindly note.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,  
SOUTHAMPTON.

Assistant to the Secretary.
