

T.S.S. "BALTARA".

The survey of this vessel for classification was commenced at Southampton, where she was under survey from the 13th to the 23rd January last, and completed in London, where she has been under survey from the 28th January to the 15th May, 44 visits having been paid.

It is submitted that a suitable inclusive fee for survey and classification of hull, machinery, and freeboard would be £150, (Hull £100, Machinery £50), of which £75 should be allocated to Southampton and £75 to London.
