Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

5th November, 1924.

*Slip in*

Dear Sirs,

I am in receipt of your letter of the 29th ultimo, forwarding for consideration plans in duplicate of the oil fuel piping arrangements, and arrangements of settling tanks, together with a plan of the details of the settling tanks, proposed for the s.s. "BALTARA", and with regard thereto I am directed to state that the plan of the details of settling tanks will be approved provided the tanks be constructed as shewn and amended on the plan and under the usual conditions of survey and testing.

I have to inform you, however, that the plans of arrangements of oil fuel piping and settling tanks have been previously approved in my letter of the 28th ultimo, a copy of which was forwarded to you on that date, and I shall be glad if you will forward copies of the plans approved in that letter, embodying the amendments for reference in this Office.

One approved plan is returned herewith, together with 4 plans unstamped.

I am, Dear Sirs,  
Yours faithfully,

The Surveyors,  
ROTTERDAM.

Secretary.
