

COPY.

14th September, 1910.

Dear Mr. Farrar,

Your letter of the 30th ultimo came to hand while I was absent from town on business.

I now beg to thank you very much for the particulars which you have given me of the weights of cargo carried in the tween decks of the S.S. "CACIQUE" at the part where the ~~bottom~~ girders and beams have come down.

I will have the matter looked into and some calculations made.

With kind regards,

Yours faithfully,

S. Y.

Harry C. Farrar, Esq.,

NEW YORK.
