1627.

This is to Certify that

Victor Sdrowok

the undersigned Surveyor to this Society did at the request of Messrs. Maschinenfabrik Augsburg-Nürnberg A.G. attend at their works at Augsburg on various dates for the purpose of surveying during construction a lubricating oil re-cooler to the order of Messrs. Wm. Simons & Co. of Renfrew and destined for their yard No.704.

This lubricating oil re-cooler has been submitted to internal hydraulic pressure of 6 atm. both of the lubricating oil space and of the cooling water space and was found sound and tight at that pressure, also the workmanship was good and the scantlings in accordance to the approved plan No. M 15975.

The longitudinal and the circumferential seams of the shell have been inspected during the electric arc welding process and were found in order.

For identification the lubricating oil re-cooler has been stamped:-

Lloyds Test
V.S. 1627
6 atm.
26.2.34.

Victor Sdrowok

Surveyor to Lloyd's Register.

ertificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:-
the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it
ood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for
y in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other
f the Society, or for any error of judgment, default, or negligence of the Committee or any Member thereof, or
, or other Officers or Agents of the Society."
