Dear Sirs,

H. H.

I beg to acknowledge the receipt of your letter of the 24th instant respecting the steamer "MOUNT ATHOS", the contents of which are noted, and to say that the necessary instructions in regard to the case are being forwarded to the Society's Surveyor at Dunkirk.

I am, Dear Sirs, yours faithfully,

I am directed to add, however, that, in view of the age of this vessel, your inspection should be made by the Clerk to the stringent Classification Committee, and every care should be taken to see that all necessary repairs and renewals are carried out to your entire satisfaction.

For your information I enclose a sheet showing the original Holland House, 1/4, Bury Street, E.C.3. the scantlings of which are required by the present rules, together with two copies of the detailing sheet.

I have further to inform you that your recommendations in respect to any renewal or repairs should be found to be unduly wasted, may be made if the hull plating are in good condition.
