communications to be addressed to
THE SURVEYORS.

E.

Dear Sir,

S.S. "MOUNT ATHOS"

I have to inform you that the Owners of this vessel propose to remove the present donkey boiler, which must not be used, and to instal a second hand boiler ex s.s. "ROI LEOPOLD".

This latter vessel was built to B.C. classification but your approval of this proposal is nevertheless desired by the Owners.

I enclose a blue print of the boiler in question and shall be glad if you will return same with your comments at your earliest convenience. Due to lack of time this plan has not been fully examined here.

I am, Dear Sir,

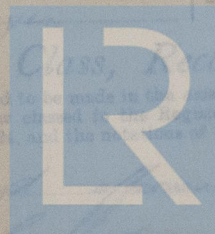

Yours faithfully,

E. Knowles.

The Secretary,

London.
