TRANSLATION.

To keep the matter in order we are confirming the telephone conversation which we have just had with you regarding our Steamer "SIDI FERRUCH".

Being anxious for the sale of this ship, and not being able to state her exact age, we have asked you to telegraph to your London Office, and we shall be very much obliged if they will kindly authorise Messrs. Kellock to see the papers of the "SIDI FERRUCH" in order to settle the question with all possible correctness.

We thank you very much for your kindness, and ask you to let us know the expenses for the telegrams which you have been put to, in order that we may settle them.

Yours &c.
