Dear Sir,

S.S. "LaCrescenta"

Referring to the writers call upon you this morning, we shall feel greatly obliged if you will let us have copies of the correspondence which passed between us on the subject of the International Freeboard for which the vessel was measured at Falmouth in 1931, and dealt with at Sunderland in 1932. This Freeboard was not adopted for reasons given at the time and arrangements were made by which the old markings were retained.

We shall also be glad if you can let us have a copy of your Surveyors report to your Committee following his inspection of this vessel at Swansea in the Prince of Wales's dry-dock in Nov. 1933, for which we shall of course be glad to pay the usual fee.

We may say that the above information is asked for in connection with the Board of Trade enquiry shortly to be held regarding the circumstances in which the vessel was lost in December of last year.

Yours faithfully, HARRIS & DIXON, LTD.
