Dear Sir,

S. S. "LA CRESCENTA".

With further reference to your letter of the 30th ult., regarding the repairs to shell plates F.1 port and starboard, we may state the fractures found in both plates were attributed to the damage, and had no connection with the fracture on F.1 port, which had been welded at Falmouth in June 1930.

On examination this weld was found to be satisfactory.

We are, Dear Sir,

Yours faithfully,
