

46.

s.s. "LA CRESCENTA"

It is submitted the Board of Trade be advised that no repairs to the hull were reported to have been carried out at Yokohama when the Annual Freeboard Survey was carried out in October 1934.

The Yokohama Surveyor is being advised regarding the last paragraph of the Board's letter, and is being requested to forward the desired information.

It is further submitted the Yokohama Surveyor be advised regarding the last paragraph of the Board's letter and be requested to forward as complete information as possible in the form of an Affidavit. He should be advised that his remarks should only cover facts which are within his own personal knowledge.

A copy of his report and of the C.11 report should be sent for his information in dealing with the case.
