8th. August 1904.

Dear Sirs,

The New Steamer "PORT KINGSTON" has left this port for Bristol to load. There is a hinged Watertight door fitted to No.2 Bulkhead in lower hold and the Builders have ordered another to be fitted that will open and shut from the deck, but they had not time to fit same before the vessel left here and, they state, they will have it fitted at Bristol on her return there after her first voyage.

Please see this door fitted and report same in usual way to London.

I am, Dear Sirs,

Yours faithfully,

Secretary.

Glasgow.

The Surveyors,

B R I S T O L.
