Lloyd's Register of Shipping.

Port

Copenhagen.

17th March 1933.

This is to Certify that I have

Surveyed the ^{MAIN} Boilers and Machinery of the *THE L. S. HAMMERSHUS*

of *Genova, HAMMERSHUS* of *Copenhagen*, 3939 tons gross,

while the vessel was lying afloat at this port,

and that I have transmitted to the Committee of Lloyd's

Register of Shipping, London, a Report stating ~~that all~~

~~recommendations made by me in connection therewith have~~

~~been carried out to my satisfaction, and that I have~~

Recommended that the record of *MBs 3.33*

be made in the Register Book in the case of this vessel, *subject to the donkey boiler not being used until it has been examined as per Rules.*

The tail shaft of this vessel became due for survey in January 1933, but the survey has been postponed.

Olav Hiffner.

Engineer Surveyor to Lloyd's Register.

Observations, Opinion, and
This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that :—

"While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default, or negligence of the Surveyors, or other Officers or Agents of the Society."
