Received from Chief Ship Surveyor

VESSEL'S NAME Steel Twin Sc. "HIGHLAND HOPE" Rpt. Lon. No. 95718

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92).

ature of Survey

The vessel required to be placed in dry dock for further examination at the first convenient opportunity.

The London Surveyors now report the vessel placed in dry dock after dragging through mud while on a voyage in the River Plate, the bottom and rudder examined and no damage found.

The bottom has been cleaned and coated.

It is submitted the vessel appears worthy to remain as classed with record of survey 11.30.
