Dear Sir,

EMPRESS of SCOTLAND C classing letter Nel4872

Referring to your classing letter of the 24th instant I have to state that the 3rd and 4th stringer plates are as given on the the approved section as well as the doublings of the topside plating which I attempt to describe in the report but has not appeared clear to you.

The slightly indents referred to in the Liverpool report appeared to have been noted mere as pointing out deficiencies in connection with the sale of a vessel than effecting the vessel therefore in no way requiring to be dealt with than stated in the Report, In fact it was only after very careful examination that these did not slip our notice, in consequence of their insignificance

The fractures in deck house on C, deck were all satisfactorily dealt with and between bridge and main deck additional strengthening was fitted as shown on the accompanying sketch and numerous minor defects ~~numerous defects~~ were also made good.

I am, Dear Sir

Yours faithfully

Dear Sir,

IMPRESS OF SCOTLAND O LASSING LETTER NO. 14275

Referring to your classing letter of the 24th instant I have to state that the 3rd and 4th stringer plates are as given on the approved section as well as the doubling of the top side plating which I attempt to describe in the report but has not appeared clear to you.

The slight indent referred to in the 1st report appeared to have been noted more as pointing out deficiencies in connection with the sale of a vessel than effecting the vessel therefore in no way requiring to be dealt with than stated in the Report. In fact it was only after very careful examination that these did not slip our notice, in consequence of their insignificance. The fractures in deck house on O, deck were all

satisfactorily dealt with and between bridge and promenade decks additional strengthening was fitted as shown on the accompanying sketch and numerous minor defects ~~mentioned~~ were also made

I am, Dear Sir

Yours faithfully

Good.
