

T.S.S. "EMPRESS OF SCOTLAND" ex "KAISERIN AUGUSTE VICTORIA"

Ham. 14872
Liv. 82585

This vessel was built in 1905 by Messrs. Akt.Ges. "Vulcan" at Stettin and classed with the Germanischer Lloyd.

Surveys of the machinery have been held by the Liverpool and Hamburg Surveyors with a view to the vessel's classification with this Society, and satisfactory reports have been forwarded.

42 furnaces out of a total of 48 in the double ended boilers have been renewed, and an oil fuel burning installation has been fitted in accordance with the approved plans.

Both screw shafts were examined in July 1921.

Plans of the boilers, shafting, pumping arrangements and other details have previously been approved.
