Received from Chief Surveyors

VESSEL'S NAME

S.S. Leopoldville

Report

Ant.

No. 9354.

For the CHIEF SHIP SURVEYOR and CHIEF ENGINEER SURVEYOR.

(In cases which have to be submitted to the Classing Committee "the endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey

When due

Will the Chief Surveyors kindly state when the next Boiler Survey and the subsequent Special Surveys are due in this case?

C.S. 16. 1. 14.

Submitted the S.S. No. 2 will become due at the end of 1916 and the S.S. No. 3 at the end of 1920.

It is also submitted that the Boiler Survey is due this year. As the actual month when the vessel was completed is not given on the reports, the precise date when the survey is due cannot be stated.

E. B. G.
16. 1. 14

After this Boiler Survey has been held the Boilers become due for annual survey & the precise date when future surveys can then be determined.
