 2nd Special Survey No.3 due 12.32.

In view of this vessel being laid up at Liverpool action in regard to the above surveys has been deferred from time to time, and the late Owners, Messrs. Elder Dempster Lines, agreed to have the Boiler and Starboard Screwshaft Surveys carried out before she was recommissioned.

A general examination of the forward boiler was carried out by the Liverpool Surveyors in May last.

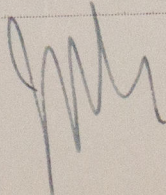

The Liverpool Surveyors now write that they have been informed by the Elder Dempster Lines that this vessel has been sold to Messrs. Douglas & Ramsey of Glasgow, for breaking up purposes.
