Sunderland, Jan. 3rd 1917

1 Encl. -
The Secretary, London
Dear Sir.

I am in receipt of your letter of the 27th inst with reference to the First Entry Report No. 26886 on the S.S. "Birchley" and in reply herewith enclose the approved plan of the transverse in form as requested.

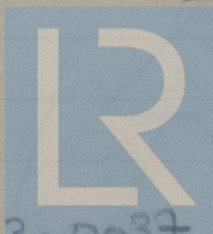

Transverse beams were fitted in the oil tanks as shown on the approved midship section.

The tank top longitudinal at the ends were $7\frac{1}{2} \times 3 \times 40$ to facilitate the rolling and I regret that these were stated as $7 \times 3 \times 40$ on the report.

I am, Dear Sir

Yours faithfully,

L. S. Teakland
