Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.

19th November 1916.

Dear Sirs,

I duly received Mr. Leathard's letter of the 13th instant forwarding one from Messrs. Short Brothers respecting the equipment for their S.S. No. 391, and with regard thereto I have to inform you that in the circumstances and in view of the urgency with which the vessel is required the equipment proposed by the Builders will be approved, provided an additional 15 fathoms of 2-3/16" cable be supplied in order to make the weight of the cable equivalent to that required by Table 31 for the larger equipment numeral.

It is to be understood that with the exception of the chain cables the equipment will be as required by the Rules for the larger equipment number.

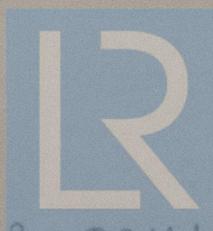

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

SUNDERLAND.

Assistant to the Secretary.
