Messrs The Surveyors of Lloyds Register
Sunderland

Dear Sirs

No 291 S/s

Now that a Poop & Forecastle have been
added to the above vessel we make the Equipment
number as follows

Under deck	404.75×78.16	=	31639
Shelter deck	$404.75 \times 8 \times \frac{3}{4}$	=	2428
Poop	112.75		
Forecastle	38.5		
	$146.25 \times 7.5 \times \frac{3}{4}$	=	822
Saloon House	$27 \times 7 \times \frac{1}{2}$	=	94
Eng & B ^r Casing	$52.5 \times 3 \times \frac{1}{2}$	=	79
			34800
			<u>Equipment No. 35062</u>

and this Equipment Number requires a $2\frac{3}{16}$ "Cable
th Outfit to suit.

Unfortunately the Anchors & Cables have been
ordered & the Cables are delivered to our Yard.
The Anchors are only partly made & we

SHIP MERCHANTS.

Sunderland

13th Nov 1915

Dear Sirs The Surveyors of Lloyd's Register Sunderland
understand that it would be agreeable to the
makers to supply us with larger anchors &
utilize those now on order for some of their other
commitments.

You will see that the increase in
equipment Grade is largely due to the
Admiralty requirement for the Prop to be
carried right aft.

With the exception of the main cables, the
role of the Outfit can be supplied in accordance
with the requirements of your Rules for the vessel
now to be built, but we should be
greatly obliged if you will consider, whether,
under the circumstances, you can agree to
accept cables $2\frac{3}{16}$ dia.

Yours Faithfully

FOR SHORT BROTHERS, LIMITED

Edgar Woodward
CHIEF DRAUGHTSMAN.
