No. 47637

NEWCASTLE - ON - TYNE .

21st. SEPTEMBER 1904.

A. R. SNEDDON

Messrs. The Northumberland S.B.Co.Ld., Howdon-on-Tyne, survey
the new S.S."RUCBEIAN" built by this firm while in the Mercantile
Dry Dock, Jarrow-on-Tyne, on the 29th. August 1904 for the
purpose of ascertaining if any damage had been sustained by
vessel stated to have grounded at Hartlepool on the 16th. July
1904 while proceeding from the Builders yard to that port
to have her Engines and Boilers placed on board.

Upon Examination Found that no damage had been sustained
but that the paint in several places was scrubbed.

Recommended that when the paint was found scrubbed the
bottom be cleaned and recoated.

For the purpose of examining the bottom to ascertain if
any damage had been sustained it was necessary to have the
vessel placed in Dry Dock.

The above recommendation was made so as to place the
vessel in the same good condition as she was in before the
grounding.

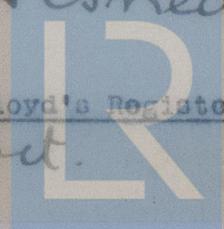

Fee £ 2 . 2 . 0.

Less 4 . 0.

£ 1 . 18 . 0 Surveyor to Lloyd's Register of Shipping.

see as per First Inty Report.
