ANSWER.

Date:— **28th. April 1931.**

With reference to your report No. 7129, I shall be glad to learn what further arrangements have been made for the Special Survey No.2 to be completed.

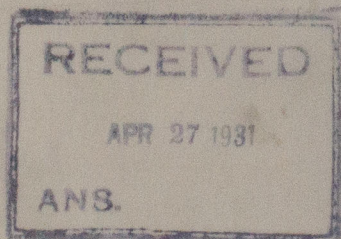

I may add that the Yokohama Surveyors recommended last January that the stem and stem plates below the waterline should be examined at the next drydocking and permanent repairs carried out.

*Sark*

This vessel is stated to have been stranded off Yerimosaki Lighthouse, Hokkaido, Japan, on the 20th. March 1931, and has now been abandoned as a total loss by all concerned.
