Lloyd's Register of Shipping.

Port YOKOHAMA,

20th January, 1931.

This is to Certify *that I have*

Surveyed the Steel Screw Steamer "KANJU MARU", 6515 tons
gross, of Tokuyama, as she lay afloat at this port on the 20th
January, 1931,

and that I have transmitted to the Committee of Lloyd's
Register of Shipping, London, a Report, stating that all repairs
recommended by me have been completed to my satisfaction, and
that I have **Recommended** *that she be* retained as classed
without fresh record of survey, subject to the stem bar and
stem plates below waterline being examined at next dry docking
and permanent repairs being carried out.

being fit to carry petroleum in bulk.

J. Midulas

Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:-

"While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default, or negligence of the Surveyors, or other Officers or Agents of the Society."
