remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92).

f Survey

The class is subject to E7 port side being repaired at the first convenient opportunity.

The Newcastle Surveyors now report the vessel placed in dry dock and the bottom coated.

Shell plate E7 on port side has been examined and, in the Surveyors' opinion, the damage is slight and the condition regarding same might be removed.

It is submitted the vessel appears worthy to remain as classed with record of survey 4.31. without special condition.
