

W618-0083

10 AUG 1931

Inspected by Chief Ship Surveyor

Received from Chief Ship Surveyor

VESSEL'S NAME Steel S. S. "BONUS" ex "KILCREDALE" Rpt. Hamburg No. 20021

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92).

Remarks of Survey

The 2nd S.S. No.2, due 4,31, has been partly held and a proposal to complete the same within the year of grace agreed to.

The Hamburg Surveyors now report that a visit was paid to the vessel with a view to advancing the survey, but nobody on board was in a position to discuss the matter and no part of the Special Survey was advanced.

An examination has been made of the decks, hatchways, ventilators and coamings, windlass, steering gear and its connections and found satisfactory.

It is submitted action be deferred.
