REPAIRS, OR EXAMINATION AS PER RULE, FOR Condition afloat.

Attended on board in order to ascertain what arrangements could be made with the master with a view to further advancing or to completing 2nd Special Survey No. 2 which as per Special Reason List was commenced at Liverpool. It was found that no one on board was in the position to discuss the matter and nothing has been done at this port as regards Special Survey. Examined decks, hatchways, ventilators and coaming, windlass, steering gear and its connections, found all parts satisfactory.

General Observations, Opinion as to Class, Recommendation, &c.:—

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus, for example:—".....to remain as now classed in the Register Book *without fresh record of Survey*," "to remain as classed and to have record of survey 1,24," or "to remain as classed and to have record of survey, 1,24, and the notations of *as No. 1-24 and ptND24, &c.*"

This vessel appears, as far as seen, to be in a sound and efficient condition, eligible in my opinion to remain as classed in the Society's Register Book without fresh record of Survey, subject to Special Survey 2nd V-2 being completed.
