

Extract from the Report of the Proving Machines  
Committee, dated Thursday, 5th May, 1910.

-:-----:-

"The Right Hon. Lord Nunburnholme called special attention to one of the cases in which a rudder made in 1908 for the Steamer "GALILEO" was condemned in 1910 on account of original defects, and suggested that the circumstances should be carefully looked into and reported upon, and the Chairman promised that this should be done."

-----  
*For the Chief Surveyors*

*a.s. 18/5/10*

*See endorsement dated 5 May 1910  
which contains all the particulars of the case  
that are available, and it is thought that no further  
steps can usefully be taken in elucidating the matter.*
