# Lloyd's Register of Shipping.

71, Fenchurch Street, E.C. 3.

21st April, 1921.

Dear Sirs,

3. I have to acquaint you that the ex-German Steamer  
"ANGERMANALFVEN" has been sold by the Ministry of Shipping  
to Messrs. The Hudson Bay Co.

The new Owners' Superintendent called at this  
Office to-day, and stated that it was their present  
intention to have this vessel classed with this Society,  
and he has submitted plans of the Steamer, which are now  
under consideration.

He adds that the vessel is at present in dock at  
your port undergoing damage repairs, and I have to request  
that you will make arrangements to proceed with the  
classification survey whilst the vessel is in drydock, with  
a view to a second drydocking being unnecessary should it be  
the Owners' decision to proceed with her classification.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,  
CARDIFF.
