

Dublin,
21st February, 1921.

A. B. Forster

the Owners Superintendent survey the steel screw steamer
"Angermanälfven"
965 tons gross; of London; as she lay afloat at
the North Wall Extension, Dublin, on the 17th February,
1921, on account of damage stated to have been
sustained by the vessel grounding off Arklow on
the 15th February, 1921, whilst on a voyage from
Queenstown to Dublin.

For full particulars see Entries in the Log books.
Soundings were taken and the vessel found to be
making no water.

Recommended that the vessel be placed in dry dock
for Examination at the first convenient opportunity,
or at the next six-monthly Examination, which becomes
due in March, 1921.
