

COPY.

13th October, 1933.

GOTHENBURG.

9518. "AUSTRALIC". The contents of this report are noted, and as it is concluded that the vessel will not now be moved from your port, I have to request that you will let me know when the work of demolition has been commenced. At the same time I shall be glad to learn whether it is to be understood that as a result of the general examination you have carried out, the Owners abandoned the idea of sending the vessel to Italy to be broken up.
