Lloyd's Register of Shipping.

Port Singapore

21st, June, 1930

This is to Certify that I have

Surveyed the Boiler ^{Tail end shaft} and Machinery of the Steel Screw Steamer
"PERLAK" 1899 tons gross of LONDON while in dry dock at this
port,

and that I have transmitted to the Committee of Lloyd's
Register of Shipping, London, a Report stating that all
recommendations made by me in connection therewith have
been carried out to my satisfaction, and that I have
Recommended that the record of B. S. 6, 30 and Tail
Shaft seen (2, liners) 6, 30
be made in the Register Book in the case of this vessel.

John Tindley

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
"While the Committee use their best endeavors to ensure that the functions of the Society are properly executed, it is
to be understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for
any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other
publication of the Society, or for any error of judgment, default, or negligence of the Surveyors, or other Officers or Agents
of the Society."
