vey Due Boiler Survey due June, 1932.
3rd Special Survey No.2 due June, 1932.

The Owners state that this vessel is now laid up on the Westleigh Mud, Bideford and they propose to leave the Boiler Survey over until she is recommissioned.

They desire to know whether, in view of the fact that the 3rd Special Survey No.1 was carried out in August, 1929, they may be allowed to postpone the above Special Survey until August, 1933.

Submitted the Owners be informed that provided the vessel be generally examined and favourably reported upon, the Committee will be agreeable to the Special Survey being carried out sometime within the year of grace, i.e. by the end of June, 1933.
