# Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

14th February, 1930.

Dear Sirs,

With reference to the classification in the Society's Register Book of your steamer "OKLAHOMAE" which was seriously damaged by fire at Liverpool in October last, I beg to acquaint you that the Committee have had the case of this vessel before them at their meeting today, together with a communication received from the Society's Liverpool Office, from which it appears that the steamer has been placed on Tranmere Beach with a view to being sold for breaking up purposes.

I am directed to inform you that, after consideration of the circumstances, the Committee feel that, consistently with the course followed in similar instances, a record of "Damaged by Fire, 10.29" should be made against her name in the Register Book, and her class expunged in accordance with the usual practice.

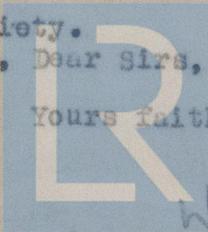

I may add, that, however, that in the event of the vessel being refloated and repaired to the satisfaction of the Society's surveyors, the notation of casualty will be withdrawn immediately upon reclassification by this Society.

I am, Dear Sirs,

Yours faithfully,

Messrs. Compagnie Generale  
Transatlantique,  
4, Rue Anber.
