

29.4  
AUX. SCREW Sc. "K O B E N H A V E N".

This vessel has been built at Leith and has been fitted with an Auxiliary Oil Engine built by Messrs. Burmeister & Wain of Copenhagen under the survey of the Society's Surveyors.

The Engines have been fitted on board at Leith and the Surveyors <sup>agreed</sup> as to what Fees should be charged for the survey of fitting on board.

The full classification and 1st Entry Fee was charged by the Copenhagen Surveyors in April last.

It is submitted that, in these circumstances, no additional Fee should be charged.
