if due Special Survey (equal to a Half-Time Survey)  
due 1,23.

The case of this vessel has received the consideration of the Committee from time to time and was last before them on the 5th June when they deferred action on the understanding that the inspection in question would take place immediately the special survey, which was being carried out on the tug "ALLENBY" was completed.

The Hull Surveyors now write they are informed by the Owners that the vessel is still laid up and nothing will be done to the surveys. They add the Owners anticipate selling the vessel, but they can give no definite information at present.
