Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

Enclosure

12th October, 1921.

Dear Sirs,

I have to acknowledge the receipt of your letter of the 10th instant enclosing an account for the Special Survey during construction and classification of the steamer "CONCORDIA", and in returning the form herewith, I have to point out that the fees entered thereon for both ship and machinery are incorrect. A fresh account should accordingly be made out and the entries in your rough fee book corrected to correspond.

The amounts shewn in your report have been altered to agree with the corrections made.

I am, Dear Sirs,

Yours faithfully,

Assistant to the Secretary.

The Surveyors,

NEWPORT.
