

S.S. "VIRGINIA MAVROLEON"

With reference to the attached letter received from the Berdeaux Surveyer stating that this vessel collided with an unknown object in the River Charente and sustained some damage to the bow plating about ten days, afterwards leaving for Barry Roads in ballast without being surveyed, according to "Lloyd's Daily Index" she arrived at Swansea on 16th instant.

It is submitted the Swansea Surveyors be informed of this letter and requested to give the case attention.
