

COPY.

6th January, 1922.

Dear Mr. Leeuwenburg,

I duly received your letter of the 30th December regarding the Steamers "ALMKERK" and "OLDEKERK", and I am pleased to say that as the result of your official letter on the subject a recommendation is now being made to the Committee that these vessels might be assigned their classification, it being understood that the freeboards will be verified on their return to Holland.

You will, therefore, be hearing from us further in the matter in the course of a day or so.

Dr. Milton was here to-day and tells me the currant bushes have not yet arrived.

With kindest regards,

Yours faithfully,

R. Leeuwenburg, Esq.,

ROTTERDAM.
