Committee.

Lloyd's Register of British & Foreign Shipping.

71, Fenchurch Street, E.C.

17th July 1914.

Dear Sir,

It is submitted before this case receives the consideration of the Committee, the Liverpool Surveyors should be informed that this vessel has proceeded to their port where it is intended to put the port bower anchor in order, as this is stated by the Middlesbrough Surveyors not to stow properly in the hawse pipe. I have to inform you that a report has been received from the Society's Surveyors at Middlesbrough from which it appears that the new steamer "MICHAEL" has proceeded to Liverpool where it is intended to put the port bower anchor in order, as it does not stow properly in the hawse pipe. I shall therefore be glad if you will be so good as to arrange for the matter to receive the necessary attention.

I am, Dear Sir,

Yours faithfully,

Secretary.

R. Williamson, Esq.,

LIVERPOOL.
