Dear Sir,

CLASSIFICATION OF VESSELS LAID UP.

With reference to my letter of the 4th March last, enclosing a list of vessels laid up upon which a special survey is overdue, and the classification of which has been allowed to remain undisturbed on an undertaking from the Owner that the requirements of the survey shall be complied with before the vessel proceeds to sea, I am directed to acquaint you for the confidential information of the Committee of Lloyd's that the Sub-Committee of Classification at their meeting to-day have had under consideration the case of the undermentioned vessel, and that on account of the decision arrived at, as stated below, the vessel's name may accordingly be deleted from the list in question.

I am, Dear Sir,  
Yours faithfully,

The Principal Clerk,
