Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

18th December, 1924.

Dear Sirs,

With reference to your First Entry Report No.12181 on the Motor Ship "ENTON", I have to inform you that it is concluded that the 'tween deck hatch end pillars and the face bar on the second deck transverse beams are as approved, but I shall be glad if you will be good enough to state if this is so.

At the same time I have to point out that the process of the manufacture of the steel is not stated, and this should be given.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

MIDDLESBROUGH.
