YOUR REF: S.

Dear Sirs,

"WESTERDIJK".

We are much obliged for your letter of yesterday, but unfortunately for us in response to the cable which we sent last night to JAPAN explaining your requirements for a Seaworthy Certificate, we have a cable ~~in reply~~ stating that the JAPANESE market is declining and that our friends are not able to continue the negotiations, at any rate until the market shows signs of improvement.

We are obliged to you for the attention you gave to Mr. Douglas and the writer. Meantime, We remain,

Yours faithfully,

HALL, ANGIER & CO. LTD.
