No. 14583

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey

First entry

It is submitted the Hartlepool Surveyors be requested to forward the letter from the Owners in regard to the omission of the intermediate bulkhead in the fore hold by return, as this is required before the case can be placed before the Committee. ~~At the same time they should state clearly whether the ceiling has been dispensed with over the bilges as well as the tank top.~~
