Ufficio comune

*Trieste*, 3rd March, 1921.

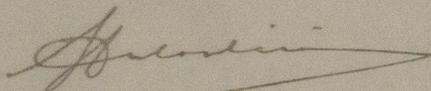

Via della Borsa N.º 2.

Dear Sir,

Following my letter of yesterday on the steamer "VITTORIA" and after looking further into the question of the equipment of this vessel, I find that the weight of the 3rd bower anchor in accordance with Table 31, letter "x", is only 47:2:0:0, for which a test of 40:16:1:0 is required. As the 3rd bower in question was subjected to a test of 40:18:0:0 which is in excess of the rule requirements for the rule 3rd bower, it is submitted that this anchor be accepted in this instance.

I am, Dear Sir,

Yours faithfully,

The Secretary,  
TRIESTE.
