Dear Sirs,

With reference to yours of the 24th ulto., we herewith enclose copy of a letter we addressed to the Owners of the steamer "Highland Laddie", respecting the Propellor Shaft fitted on board that steamer, and we also hand you copy of their reply received this morning, from which you will see they are quite agreeable to allow the Propellor to remain as it is.

We hope, therefore, to have the Certificate at your earliest convenience, and thanking you in anticipation,

We remain,

Yours truly,
